

## SAMPLE PROGRAM PLANS

Please review these tips and/or if you are thinking about applying for Student Financial Aid while taking this program.

- ❖ Review [online course syllabi](#) for prerequisite requirements for each course.
- ❖ **Prerequisites** must be passed successfully prior to registering in the next course. Refer to the AU Undergraduate Calendar [3.6.1 Prerequisites](#).
- ❖ Review the [Post-LPN BN professional practice \(clinical\) preparation guide](#) for important information about professional practice courses.
- ❖ AU offers flexibility for start dates to theory courses, which is the 1st of each month. Consider staggering the start date of courses by a month or two to manage workload.
- ❖ For **processing time of final grades** refer to the AU Undergraduate Calendar [6.2.1.4 Final Grade Processing](#)
- ❖ If **applying for Student Financial Aid**, please note that due to program regulations, prerequisite requirements, and other factors, nursing students will not be eligible for full-time funding in all semesters. It is recommended that students contact a **Bachelor of Nursing Program Advisor** in conjunction with the Student Financial Aid office personnel, to discuss a possible order in which to take courses.

Please review sample plans on the following page and if you require further assistance with your plan, please contact the Bachelor of Nursing Program Advisors at this e-mail address: [bnadvisor@athabascau.ca](mailto:bnadvisor@athabascau.ca).

We have suggested the following Post-LPN BN sample program plans for academic year 2016 and onward. Your plan may differ from the ones below. Please note that the suggested terms do not have to be consecutive

**Post-LPN Bachelor of Nursing Degree Program (120 credits)**

<b>Term</b>	<b>Post-LPN BN Program Plan A (Sample)</b>	<b>Post-LPN BN Program Plan B (Sample)</b>
